ABOUT US

OVERVIEW

MBH International is a group of Architects, Urban Designers, Interior Designers and Industrial Designers, established since 2003, operating globally, with offices in Warsaw Poland as well as Johannesburg South Africa, and with a partner office in Austin Texas USA. MBH Architects have design expertise in a variety of building typologies which include Healthcare, Mixed Use, Commercial, Industrial, Arcology, Prefab, Marine and Residential architecture.

QMS

As of 2019, MBH Architects have commenced with the process of implementing ISO 9001-2015 compliance as part of its drive towards increased quality management on our projects.

URBAN DESIGN

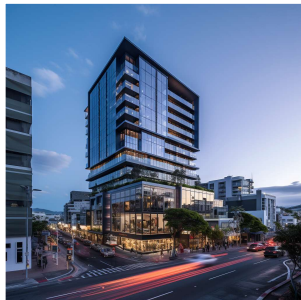

As long standing members of the Washington-based Congress for the New Urbanism, which advocates public transit and pedestrian sympathetic mixed use urban architecture, MBH Architects are passionate about Transit-Oriented Development, Inner City Re-development and the proper use of the side walk.

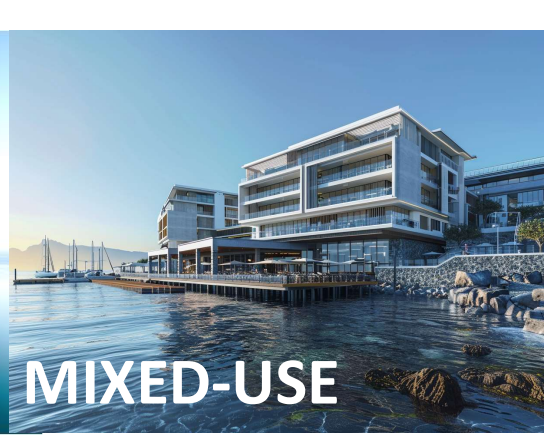

CLIENTS

Our clients range internationally from individual home owners to corporations such as Philips, Siemens, Pristem, Life Healthcare, Netcare, Ampath, Dischem, Medicross and various NGOs and governments such as the US Department of State (CDC & USAID).

HEALTHCARE

MBH are specialist healthcare design architects. We undertake the design and construction monitoring of Acute Hospitals, Day / Sub-acute Hospitals, Psychiatric / Mental Wellness Hospitals, Specialist Hospitals (such as Cardiology, Oncology, Ophthalmology, Psychiatric etc) and Primary Healthcare Clinics, globally.

MISSION

We strive towards the creation of TRANSIT ORIENTED DEVELOPMENTS (TOD) with a balanced mix of activities- dwelling, shopping, working, schooling, healthcare, worshipping and recreation-all within a walkable configuration, where many clusters of neighbourhoods, interlinked with parks, cycle lanes, walkways, trams and metro rails ,form pedestrian friendly urban environments, that decreases the private stresses of time in traffic and minimises the public borne expenses of road construction and atmospheric pollution.

VISION

We embrace the challenge of creating a contemporary exterior and interior architectural vernacular, firmly founded upon sustainable design principals and building technologies, where-in the client's spatial and aesthetical requirements are born from and realised by means of an integration between environmentally and ecologically suitable materials; and visually appealing, ergonomically optimised and economically feasible design fundamentals.

Q.M.S.

MBH Architects subscribes to the ISO 9001-2015 Interntional Standard as its Quality Management System.

MBH are one of the first architectural companies globally to implement this standard as its official QMS.

We strive to meeting all the requirements of this standard, in order to improve the quality of overall professional services and the eventual built product .

This is our assurance and commitment towards quality for all our clients.
